Aluminium frame 105  
length 670 mm black epoxy paint  
order code: Component A

Aluminium adjustable plate  
order code: Component D

Aluminium frame 105  
length 960 mm black epoxy paint  
order code: Component B

Internal long beam  
length 906 mm (conjunction of aluminium frames)  
order code: Component E

Internal short beam  
length 414 mm (conjunction of aluminium frames)  
order code: Component F

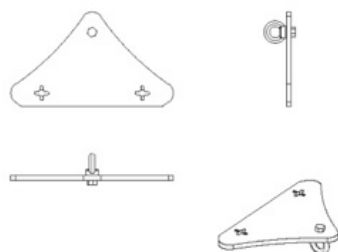

External long beam  
length 994 mm (conjunction of aluminium frames)  
order code: Component G

Componenti:  
E: L=906mm  
F: L=414mm  
G: L=994mm  
H: L=458mm

External short beam  
length 458 mm (conjunction of aluminium frames)  
order code: Component H

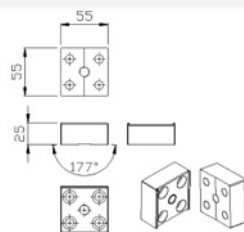

Aluminium plate to draw  
order code: Component C

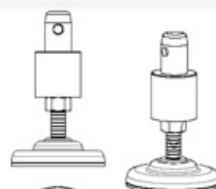

Taper pin with spherical head length 66 mm  
order code: S/66

Safety latch dim. 50x2mm  
order code: F 502

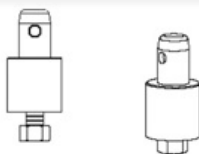

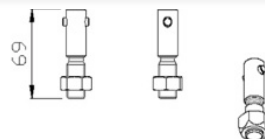

Aluminium plate in gradation  
order code: Component I

Half AVP pin adjustable  
order code: Component L1

Half AVP pin fixed  
order code: Component L2

Locking AVP pin of the panels  
order code: Component M

Aliscaf: single hook Silver  
order code: AS01

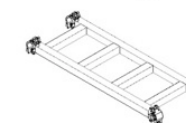

Fast connection kit  
order code: SSF04T

Bolt dim. 8x25 hex cylindrical head Galvanized  
order code: B825/CEIZ

Bolt dim. 12x30 hex flaring flat head Galvanized  
order code: B1230/SPEI

Aluminium device to ballast  
order code: Component N
